Hi Jeff,

My OD in the Office of Environmental Justice, Matt Tejada, asked me to reach out to the air office in Region 6 regarding possibly formulating comments on the Harbor Bridge FEIS. Kimeka Price directed us to you. We have some questions/concerns with the air analysis and would like to get your input.

For instance, it appears that the FEIS has now updated its data for the air analyses and has also conducted a quantitative MSAT analysis. I'm in the process of drafting some initial questions we have about the discussion of air impacts in the FEIS and would really appreciate your insights. Are you available to talk briefly tomorrow?

Thanks,
Stan
